CURRENT PRICE LIST

FOR GRAZIERS, FARMERS & MARKET GROWERS

IMPORTANT NOTICE PLEASE READ

Some general rains have fallen, and this Yates' Current Price List, coinciding as it does with the issue of Yates' Spring List of Fodder, Pasture and Market Garden Seeds, will be welcomed by our clients, as they will be able to plan their sowings with a knowledge of seed cost at the present time. Clients who have not received a copy of the Spring List referred to should immediately notify us. We offer a wonderful range of High Quality Lines in seasonable Fodder, Pasture, and Market Garden Seeds, and we want every client to write us fully for information about those of our lines in which they are interested.

MAIZES.—As usual, we offer all popular varieties in specially grown stocks produced by experts from carefully selected stock seed. **MILLETS:** This valuable summer fodder is offered in all main varieties. Also **SORGHUMS, COW PEAS, etc., etc.** While those requiring **OATS, BARLEY, FIELD PEAS, VETCHES, etc., etc.,** for early spring sowings, will find them quoted in the List.

Market Gardeners will be very interested in our excellent range of Vegetable Seeds quoted in Section 24 of the Price List. All of these represent the highest quality in strain that can be procured, and all seeds have been tested for extra strong germination. **PEAS and BEANS** are quoted in a large number of varieties, especially the latter, which list includes all the newer kinds of Beans now so much in favour.

SEED POTATOES.—We have a good range of these, although they are scarce at the present time, and prices are firm. We issue a Special Price List dealing with Seed Potatoes, and will post you one and quote you promptly on receipt of your enquiry.

Prices are subject to prior sale and your prompt reply.

Remember to write or wire for quotations for larger lots if required.

We gladly supply information and advice about the different varieties and strains when requested.

CONDITIONS OF SALE AND NON-WARRANTY

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs or Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. LTD.

PRICES.—All quotations (by letter or printed list) are subject to being unsold and to prompt reply, otherwise to market fluctuation. These Current Price Lists are issued at short intervals throughout the year, therefore if not ordering at once please write for the current issue when again on the market.

TERMS.—Our terms are strictly prompt nett cash, and orders should be accompanied by remittance for the approximate amount of the order (including freight if the goods are required by coastal steamer or passenger train, or if to be consigned to unattended platforms). When buyers have established an approved account with us, or if satisfactory Sydney business references are given, we will charge to customer's account on the understanding that customers remit promptly on receipt of invoice. When remitting, please add exchange to country cheques.

FORWARDING.—Orders sent by goods train are consigned carriage forward (except to unattended platforms) unless we are otherwise instructed at time of order. We deliver seeds on rail or wharf, Sydney, after which goods are on customer's account, and at his risk.

SUBSTITUTING.—On account of the difficulty in obtaining full supplies of many lines, and the failures of crops of others, we may, if unable to supply the exact variety ordered, substitute for it some other variety of a similar nature, which will, in our opinion, give satisfactory results.

If this is not desired, please mark order clearly: "Do not substitute."
